

Is your in-store payments infrastructure efficient?

Overview

Thousands of Nomad retail customers are enjoying a secure, quick and seamless integrated EFT processing experience, achieved by eliminating third-party reliance and reaping the benefit of a reduced total cost of ownership for their stores. In addition, Value Added Services such as integrated loyalty, gift card and airtime can easily be activated to further increase in-store footfall from cardholders.

Nomad solutions are available with no upfront costs, no financial outlay, and no hidden transaction fees. All products are financed on an easy to manage monthly rental agreement.

Nomad Devices

Nomad supplies, supports and manages our own device which is certified across multiple banks, meaning there is no third-party intervention for swap outs, maintenance and support. Dual acquiring is also available with Nomads device!

Integrated EFT Platform

Nomad provides turnkey payment solutions integrated into ABSA, Nedbank Standard Bank and FNB via our own in-house switching technology.

Features & Benefits

- Increased efficiencies with slick cardholder and cashier journey.
- Tender amount is sent directly from POS to pin pad which eliminates finger error and reduces fraud risk.
- Transactions viewable in real-time using our comprehensive online reporting platform.
- No manual banking of devices as transactions are host-to-host.

Nomad Datasheet

Value Added Services

Retailers can implement their own integrated loyalty and gift card program from Nomad. Retailers can set themselves apart by implementing a bespoke and customizable turnkey solution. Integrated airtime and electricity is available through the same platform.

Integrated EFT Platform

Our solutions are seamlessly integrated into your IQ Retail point of sale.
