Cloud-based electronic document management solutions

Overview

IQ Retail, a leading ERP and Retail Management software provider, has proudly partnered with Origami Solutions, enabling our customers to electronically manage their documents with Origami's Cloud1 solution.

Hands-free indexing of documents

Cloud1 is a powerful, affordable cloud document management solution. You can share files across the network without the need for "seat licensing". Activity log and Audit Trail are also available. Scan documents directly to the cloud, for a complete 'hands-off' solution.

Compatability

Cloud1 seamlessly integrates with IQ Accounting+, IQ Business & IQ Enterprise.

How can I get access to this solution?

cloud1 features:

- Easy, efficient document scanning and indexing
- Lightning-fast, accurate document retrieval
- Debtor POD's delivered directly to customers daily
- Statements delivered every month
- GRVs logged and sorted daily
- All PODs and/or GRV's are scanned and indexed
- Employees and customers can access documents any time from anywhere in the cloud
- It's as simple as a 'SCAN': Fully-automated indexing eliminates manual data entry and typing errors through direct integration with IQ.
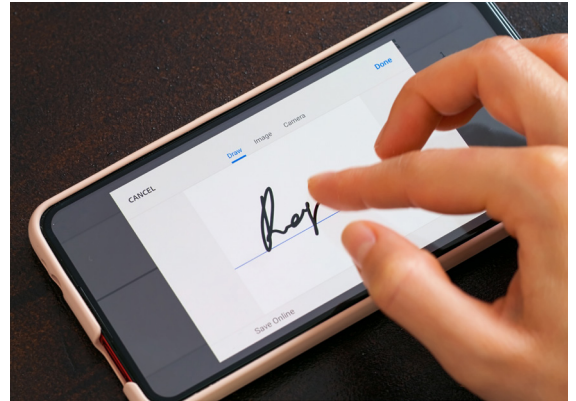

Origami Solutions Datasheet

Manage Debtor and Creditor PODs in the Cloud. Ideal for any business, paperless office, retail, wholesale or manufacturing. POD Management has never been this easy. All you do is scan. ORIGAMI is a Cloud-based Subscription Service, requiring no software and very little or no training at all. All you do is scan your PODs, really. ORIGAMI communicates with your IQ accounting software to get all the data it needs to create organised, sharable folders for every Debtor or Creditor with no need for manual data capture.
